

PRF-922A-B Two-Point Probe Adapter

The Prostat PRF-922A-B Miniature Probe Two Point Adapter, allows Prostat customers to convert their PRF-912B, or PRF-914B Miniature Concentric Ring “Micro Probes” to a precision “two point probe”. The PRF-922A-B Adapter is configured to simply slide onto the PRF-912B & PRF-914B fixtures and use their gold plated concentric ring pins for direct contact with the Adapter’s two-point

measurement assembly.

Having both Concentric and two-point fixtures provides maximum flexibility for measuring small areas and parts. Includes built-in stops and conductive electrode covers. The PRF-922A-B comes with black Delran fixture cover.
