

PRODUCT INFORMATION

Product Description	ESD Palm Coating Fit Gloves
Product Code	5106-0311 (S), 5106-0312 (M), 5106-0313 (L), 5106-0314 (XL), 5106-0315 (2XL)
Description	Seamless Knitted Conductive Nylon Gloves with Polyurethane Breathable Wet coating on palm
Material	80% Nylon & 20% Copper yarn 290 deniers 13 gauge
Packing	10 pairs/plastic bag, 30 bags (300 pairs)/carton
Surface Resistivity	10e3 - 10e4 ohm/sq

PHYSICAL DIMENSIONS

Size (mm)	S	M	L	XL	2XL
Length of Glove (±5mm) (From top of middle finger to cuff end)	210	220	230	250	260
Palm width (±5mm)	85	90	90	90	100
Cuff (±5mm)	50	60	60	60	60
Weight (±3 gr)	18	20	22	23	25
Color of Cuff (Wrist Thread)	White	Green	Grey	Yellow	Brown

PROPERTIES

- Manufactured with pliable copper thread.
- Polyurethane coated on the palm area.
- Polyurethane coating protects hands and sensitive equipment while providing sure grip in delicate operations.
- Seamless / Low linting / Conductive

APPLICATIONS

- Assembling LSI, VLSI, Semiconductors as well as computers and precise instruments.
- To prevent from miscellaneous disturbances or accidents due to static electricity.
- Assembly work in Electronics, Optics, Tele-communications etc.
- Elimination of dangers of electrostatic discharge in Petrochemical Industry.
